Chris – Raul Gutierrez, with the Wetlands Program, and I have a site visit scheduled with Scott Nesbit, of Spanish Lake Rest. LLC, on Thursday, October 16, 2014. Scott has sent me the locations and serial #s of the wells he has concern about. I will forward an update after the visit, to give a recommended path forward on any OPA or SPCC issues.

Let me know if you have any questions.

Respectfully,

Bryant Smalley
